County Administrative Office

DESCRIPTION OF MAJOR SERVICES

The CAO is responsible to the Board of Supervisors for the general administration and coordination of all county operations and programs, together with the preparation and administration of the county budget.

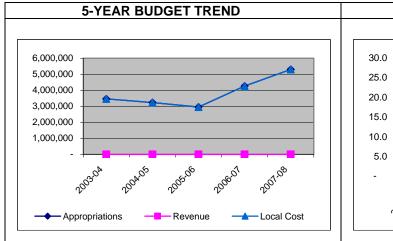

The CAO oversees the operations of county departments whose department heads are appointed by the Board of Supervisors or County Administrative Officer, and assists in the coordination of activities of departments headed by elected officials. Additionally, the CAO oversees the Public and Support Services Administration (PSSG), Human Services Administration, and Economic Development Administration. PSSG departments plan and implement facility and infrastructure development and maintenance programs (roads, flood control, buildings); provide public services in unincorporated communities (planning, fire, special districts, parks, museums); and serve departmental needs (vehicles, space, leasing). Human Services departments are responsible for the county social service programs under applicable mandatory federal and state regulations. These departments are Transitional Assistance, Children's Services, Adult Services, Preschool Services, Child Support Services and Veterans Affairs. Economic Development departments seek to facilitate economic growth within the county through programs that enhance workforce skills, infrastructure, business development and attraction, housing opportunities and community development projects. These departments are Community Development and Housing, Economic Development, the Redevelopment Agency, and Workforce Development.

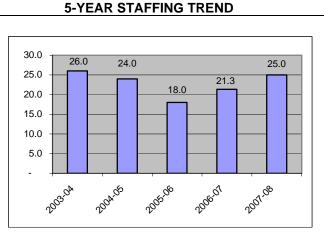

Within the CAO resides a Health Administration function that provides administrative oversight for the health related departments and seeks to expand and coordinate collaborative opportunities among those departments. Health Administration also coordinates major health financing issues, such as realignment, medical center debt financing, and disproportionate share hospital funding.

The CAO is also responsible for coordinating county activities with other local government entities, including cities and other counties.

Finally, the CAO is responsible for the county's long-term debt functions and capital improvement program.

Salaries and benefits of \$3,931,875 fund 25.0 positions and are increasing by \$662,113 and 3.7 positions. Cost adjustments reflect various staffing changes, increased workers' compensation charges, MOU and retirement rate adjustments.

Budgeted staffing reflects the following mid-year approved additions: 1) 1.0 Ethics and Compliance Specialist to provide support to the county's ethics program, 2) 1.0 Administrative Analyst I to assist with grant procedures and inventory, and 3) 1.0 Contract Special Projects Coordinator to facilitate the interdepartmental coordination of activities between the county and the County Administrative Office. In addition, 1.0 Executive Secretary III and 1.0 Deputy Administrative Officer were transferred from the Health Administration budget to better reflect their change in responsibilities and duties. These additions were offset by the reduction of 1.3 Administrative Analyst III positions and 1.0 Contract Special Projects Coordinator. Included in this appropriation is the approval of the Enhance Grants Program policy item. The policy item added 1.0 Grant Writer position to the grant program to work with departments to identify priority programs and identify funding streams to support these programs. Budgeted staffing reflects a net increase of 3.7 positions.

Services and supplies of \$1,745,874 include computer software and hardware expenses, miscellaneous expenses, training, office supplies, and ISD Direct Labor. The increase of \$753,971 is primarily to finance a Public Awareness Campaign to promote county services and operations to the general public population. In addition, this office is expanding the Service First Program that establishes consistent service standards and expectations for all county employees by instituting a recognition and rewards program. This department also received \$200,000 for one-time funding of local matching funds for grant submissions, and to hire contract grant writers as needed for the approved Enhance Grants Program policy item.

Transfers of \$87,312 include continued contributions toward employee relations, Employee Health and Productivity program, Information Services Department (ISD) for computer analyst support and wireless servers, custodial and maintenance service, and advertisement services. The increase of \$70,187 results primarily from increased custodial and maintenance services (Facilities Management), and advertisement services (Human Resources), and the anticipated purchase of two wireless infrastructure servers (ISD).

Reimbursements of \$497,030 represent reimbursements from other budget units. The significant increase of \$457,666 primarily results from the Health Administration budget unit for 2.0 positions who administer support to all the Health Departments. In addition, reimbursements from Facilities Management will be received for 1.0 position that supports the interdepartmental coordination of activities between the county and the County Administrative Office.
